News 8 new results for Hydraulic Fracturing

[Inglewood Oil Field hydraulic fracturing effects disputed](#)
[abc7.com](#)
 The community's biggest concern is hydraulic fracturing, known as "fracking." It's a controversial process where millions of gallons of water, sand and chemicals are shot underground at high pressure to fracture rock that surrounds oil so it can flow ...

[Fracking supporters rally in Albany](#)
[Elmira Star-Gazette](#)
 ALBANY — Several hundred supporters of hydraulic fracturing marched outside of the state Capitol on Monday in an attempt to dial up pressure on Gov. Andrew Cuomo. A host of landowner groups and representatives from the natural-gas and construction ...

Analysis of litigation involving shale and hydraulic fracturing

International Law Office

Hydraulic fracturing involves the injection of highly pressurised fluids and proppants into shale or other non-porous hydrocarbon formations in order to increase production of oil and natural gas wells. Hydraulic fracturing utilises large volumes of ...

JUSTIN WILCOX: We need serious answers on fracking wastewater

Brighton-Pittsford Post

On March 16, I sent a letter to the Brooks administration asking about Monroe County's policy on accepting wastewater from hydraulic fracturing and other natural gas drilling activities, whether or not any of Monroe County's Pure Waters treatment ...

Patents On Treatment Of Hydraulic Fracturing Water

Mondaq News Alerts (registration)

We continue to monitor patent literature for water and liquid treatment technologies related to hydraulic fracturing (see our October 7, 2012 blog entry, for example). We did not see as many granted patents in 2010 and 2011 compared to 2012 (likely a ...

Blogs 1 new result for Hydraulic Fracturing

Chemjobber: Hydraulic fracturing wastewater and #chemjobs

By Chemjobber

Hydraulic fracturing requires between 3 million and 5 million gal of water per gas well. The water is combined with fracturing chemicals and a sand or ceramic proppant and then pumped into the horizontal branches of the well. The proppant ...
